

Michigan State Police

Crash Advisory # 16

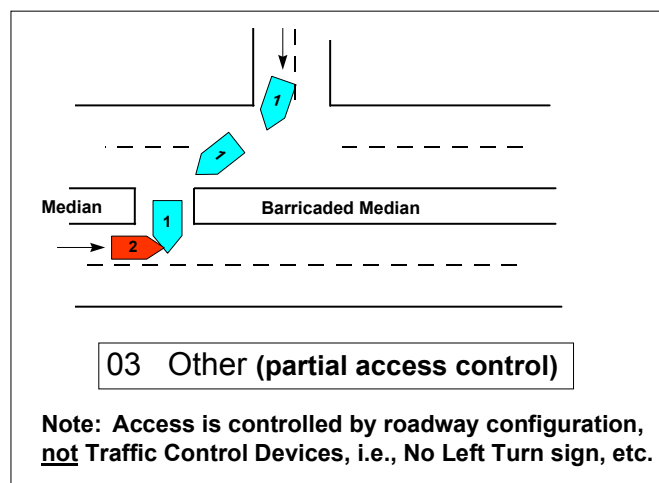

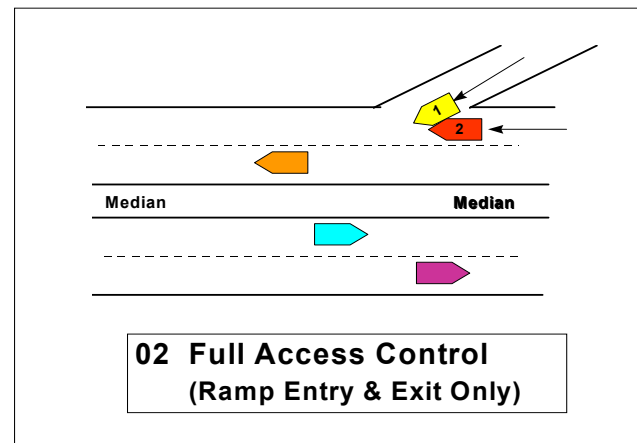

April 2005

Below are diagrams for Access Control. They have been created in order to assist you in filling out the UD-10 form.

Access Control

The degree that access to abutting land, light, air, or view in connection with a roadway is fully or partially controlled by public authority. Indicate the degree access to an adjoining roadway is controlled by public authority.

Refer to Section 29, Page 36 of the State of Michigan UD-10 Traffic Crash Report Instruction Manual, 2004 Edition.

Please Distribute to All Personnel Who Complete or Review Traffic Crash Reports
